

Primary Hybrid Agendas and Tell-Tale Traits

For Hybrids on the Earth Plane at this time in History

We recommend you consider the Hybrid transition agenda you selected and begin to think on how best to embrace that agenda. Specifically:

- If you are an elder on the Earth plane (as defined by having sixty or more Earth years of age), then your Hybrid transition agenda is a 'wisdom generator' agenda. You selected the Earth plane and your Earth age at this time of transition with an awareness you were selecting a wisdom agenda.
- If you are of middle age on the Earth plane (as defined by having more than forty Earth years and fewer than sixty Earth years), your Hybrid transition agenda is an 'action creator' agenda. You selected the Earth plane and your Earth age at this time of transition with an awareness you were selecting an action agenda.
- If you are of young adult age on the Earth plane (as defined by having more than twenty Earth years and fewer than forty Earth years), your Hybrid transition agenda is a 'generator and awakener' agenda. You selected the Earth plane and your Earth age at this time of transition with an awareness you were selecting a generator and awakener agenda.
